Epic Adventures

The Important Stuff

While out on an adventure, you will run into an amazing desert environment that is hot, sticky, and scratchy one minute then at the next corner you are wet or involved in a high angle adventure. The following list is a recommendation of what to wear to be comfortable to enjoy your trip.

Epic Adventures provides all technical equipment: harness, helmets, rappelling devices, carabineers, and waterproof bags. If your trip/class includes a canyon with a big swim, wet suit will be provided. Please apply sunscreen prior to your canyoneering departure, as it helps keep the water in the canyons clean – re-apply freely after swimming.

CLOTHING FOR ADVENTURES

SHOES- Hiking Boots or athletic shoes

COMFORTABLE CLOTHING- workout clothing- layers for colder months

WET CANYONS- bathing suit, towel and change of clothing

INCLUDED
